EIGHTY-FIRST

(ABRIDGED)

# ANNUAL REPORT

of

The

Jessop Hospital for Women,  
Sheffield.

ESTABLISHED 1864.

Patron—H.R.H. THE DUCHESS OF GLOUCESTER.

---

---

1944.

---

---

## NOTICE TO SUBSCRIBERS, Etc.

To meet the need for economy in the use of paper this Report has been abridged; it is regretted that publication of Lists of Subscriptions, Donations, etc. must be suspended meantime. Those lists may be examined at the Hospital during office hours.

SHEFFIELD:

PAWSON & BRAILSFORD LIMITED, PRINTERS.

# Eighty-first Annual Report

The Board of Management have pleasure in presenting their Eighty-first Annual Report and Statement of Accounts for the year ended 31st December, 1944.

## ROYAL VISIT.

The hospital was honoured on 26th January by a visit from H.R.H. The Duchess of Gloucester, Patron of the Hospital. Her Royal Highness, who laid the foundation stone of the new Maternity Block on 19th July, 1938, saw the building in full use. A message following her visit stated that "she was greatly impressed by everything she saw and was full of admiration of the work being done there." The visit of Her Royal Highness gave very great pleasure to all who had the privilege of seeing her.

## INCREASED FACILITIES.

Since September, 1943, when pre-war bed-state of 151 was restored, the Board and the Medical Staff have made every effort to meet increased demands upon the services of the hospital. During the year under review it was found possible to set aside one floor of the new building for private maternity wards—14 in all—thus to some extent meeting the needs of those who cannot afford the full costs of nursing home treatment. The wards are now in full use and many expressions of appreciation have been received from patients. Full particulars as to charges etc., will be found on page 18.

Utilisation of accommodation at Norton made possible the addition of 8 gynaecological beds—a useful contribution towards reduction in the number of patients awaiting operations.

## THE WORK OF THE YEAR.

A resumé of the year's statistics, compared with 1943 and with the last pre-war year, is as follows:—

	IN-PATIENTS.		1944		1943	1938
			General Wards	Private Maternity Wards		
Number of beds available on Dec. 31st			159	14	151	151
Average number of beds available throughout the year .. .. .			155.48	14*	131.35	151
Admissions .. .. .			3280	59	2974	3529
Infants—						
Live Births .. .. .			1197	41	1318	1079
Still Births { Booked cases 54 } .. .. .			91	1 } 4	49 } 95	48 } 121
{ Emergency cases 37 }				3 }	46 }	73 }
Admitted with mothers after delivery .. .. .			93	—	85	126
Daily average number of patients ..			133.02	5.81*	111.31	132.52
Daily average number of household (including patients) .. .. .			266.25		203.31	238.85
Daily average number of infants ..			44.04	4.83*	45.27	38.72
Average number of days each patient was resident .. .. .			14.86	15.79*	13.83	13.73
Operations .. .. .			1715	7	1300	1952
Deliveries .. .. .			1248	45	1391	1148
Deaths : Adults { Emergency cases 14 } .. .. .			29	1 } 1	8 } 21	25 } 50
{ Other cases 15 }				— }	13 }	25 }

OUT-PATIENTS.

	1944	1943	1938
New Out-Patients	4946	5239	4046
Attendances	29238	29314	24140
District cases numbered 186 against 121 in 1943.			

WAITING LIST.

The number of gynaecological patients awaiting admission on 31st December, 1943, was 1142. At 31st December, 1944, a census was in progress, the result of which showed on 31st January, 1945, 1033 patients on the waiting list.

ALMONER'S DEPARTMENT.

Following is an analysis of the 3,280 patients admitted and dealt with by the Almoner's Department :—

SHEFFIELD "1d. in the £" Scheme :

Contributors to the "1d. in the £" Scheme			
(Letters of Introduction) .. ..	2489	75.89%	} 82.78%
Producing Letters of Application .. ..	14	.42%	
Paid for by non-contributing Collieries, etc... ..	31	.95%	
Paid for by Reciprocal Schemes .. ..	181	5.52%	
Contributing towards maintenance .. ..	211	6.43%	
Paid for by Public Authorities (Clinic, Maternity, and Puerperal Sepsis) .. ..	146	4.45%	
Non-contributors to the "1d. in the £" Scheme			
who paid Maternity Benefit .. ..	90	2.74%	
Paid for by Ministry of Health (E.M.S. cases) ..	63	1.92%	
Maintained free of charge (necessitous poor and those not otherwise paid for) .. ..	55	1.68%	
	<u>3280</u>	<u>100%</u>	

4 patients brought Jessop Hospital Recommends.  
 Of the 1,323 maternity patients admitted, 90 paid all, and 1,098 (being contributors to the "1d. in the £" Scheme) a proportion of their National Health Insurance Maternity Benefit.

INCOME AND EXPENDITURE.

Ordinary Income amounted to £61,409, or £11,288 more than the previous year. This included the sum of £6,309 received from the Government under the Emergency Hospital Scheme, of which £3451 was in respect of services up to 31st December, 1943. In 1943 the corresponding payment was placed direct to Capital Account. Other increases were: £1,751 in "1d. in the £" contributions, £1,185 from public authorities and patients for their maintenance, together with £978 in private patients' payments.

Expenditure totalled £59,262 compared with £49,564, an increase of £9,698. The additional expenditure is principally due to higher rates of salaries (and increased numbers) of nursing and domestic staff, and also to the larger number of patients treated.

There was a surplus of income over expenditure amounting to £2,147.

#### **1d. IN THE £ SCHEME.**

The sum of £344,282 was collected by the Sheffield Hospitals Council in "1d. in the £" contributions this being a record sum. £38,015 was allocated to the Jessop Hospital being £1,751 more than in 1943, and the valuable assistance of the contributors is once more gratefully acknowledged. It is still not clear how this "great source of willing and loyal support to the voluntary hospitals" can be fitted in to the proposed National Health Service, but the negotiations and discussions which have taken place during the past year have made it quite clear that there is a widespread desire in hospital and contributory Scheme circles that some means should be found whereby this method of voluntary support and personal service can be continued.

#### **LEGACIES.**

The sum of £9,670 was received in legacies and these are most gratefully acknowledged. A list appears in the Balance Sheet.

#### **LINEN LEAGUE.**

One of the most important and valued items of revenue comes to the hospital not in cash but in kind—the fruits of each year's industry on the part of the ladies of the Linen League. Last year the magnificent sum of £758 represented the value of linen and garments provided for the hospital. The Board express their congratulations and cordial thanks to the members of the Committee and the League who, under the able guidance of Lady Stephenson as Chairman and the sustained energy and enthusiasm of Mrs. Meggitt as Honorary Secretary and Treasurer, have produced such excellent results.

#### **TEACHING.**

The position of the Jessop Hospital as the key hospital for the teaching of obstetrics and gynaecology within the Sheffield Group of Teaching Hospitals, in association with the University of Sheffield, is an important one and will become of

even greater importance as the provisions of what is known as the Goodenough Report on Medical Teaching become effective. The implications of the far reaching recommendations in that Report are being carefully studied, and discussions with the Minister of Health are proceeding, under the auspices of the Association of Voluntary Teaching Hospitals of Great Britain. The Jessop Hospital, in company with the Royal Sheffield Infirmary and Hospital and the Children's Hospital, is represented on that body. Its interests as a Special Teaching Hospital are represented also on the Association of Special Hospitals. The Board attach great importance to the further development of the teaching facilities of the hospital and have made plans to ensure that those facilities will be capable of all necessary expansion.

#### MEDICAL STUDENTS:

During the year 21 medical students completed a course in Gynaecology and Obstetrics.

#### PUPIL MIDWIVES :

39 pupil midwives completed Part 1 of their training. 38 sat for the examination, 33 passed and proceeded to Part 2 or to a Health Visitors' Course.

#### NURSES :

The Sheffield School of Nursing (a combination of the Royal Sheffield Infirmary and Hospital, the Jessop Hospital for Women, and the Children's Hospital, to provide comprehensive general training for nurses) commenced on 1st June. Miss Dorothy M. Biddle, S.R.N., S.C.M., S.R.C.N., was appointed Supervising Tutor. Student Nurses are now enrolled under the combined Scheme and in due course will circulate through the special units for the particular branches of training which those hospitals will provide.

### **NATIONAL HEALTH SERVICE.**

It may be that during the current year a National Health Service Bill will reach the Statute Book. The part to be played in such a Service by the Voluntary Hospitals, with their long experience in the treatment of disease and the training of doctors, nurses, and midwives, is not yet defined to the satisfaction of those who have the responsibility of managing and maintaining those indispensable institutions.

The Voluntary Hospitals, through their Associations and individually, have throughout stressed their approval of a National Health Service, and their willingness to contribute their great knowledge and experience in the treatment of the sick, but have been equally insistent that in the interests of the patient that knowledge and experience must be allowed

full expression in the administrative structure of the Scheme. It is hoped, and believed, that as a result of long discussions and negotiations with the Government the Voluntary Hospitals and their consultant Staffs will receive more fitting recognition and, from the patients' point of view, will play a more useful part in the administration of the hospital part of the National Health Service than at first seemed probable.

### **THE BOARD OF MANAGEMENT.**

The only change in the Board during the year was caused by the death in action in Italy last September of Major H. J. W. Marsh (posthumously awarded the M.C.). In expressing their sense of loss and their sympathy with Mrs. Marsh, the Board placed the following tribute on record :

“ Major Marsh joined the Board of the Jessop  
 “ Hospital in June, 1936. He was absent on active service  
 “ from 1939 to 1941 and again from 1943 until his death  
 “ in action. He took a keen and constructive share in  
 “ the management of the hospital and his interest was  
 “ sustained during his service abroad. He looked forward  
 “ to resuming participation in the affairs of the hospital  
 “ and in the plans for its future expansion, in which  
 “ direction the Members of the Board hoped and believed  
 “ Major Marsh would play an increasingly active part.  
 “ By his death the Jessop Hospital has suffered a heavy  
 “ loss and the Members of the Board will miss a keen and  
 “ and greatly esteemed colleague.”

### **MEDICAL STAFF.**

Another arduous year of service, the fifth under all the difficulties of war-time conditions, has been given to the hospital and its increasing number of patients by the Members of the Honorary Surgical Staff. To those Officers, Mr. John Chisholm and Mr. J. Eric Stacey, Honorary Surgeons, Mr. Glyn Davies and Mr. Leslie B. Patrick, Honorary Assistant Surgeons, the Board tender their appreciation and thanks.

To Professor Naish, Paediatrician, and other Consultants who willingly respond to calls upon their services from time to time, grateful thanks are also offered. Dr. C. H. Bosenberg was appointed Clinical Assistant (Honorary) to Dr. Naish and Mr. Gerald B. Doyle, Assistant Pathologist, during the year. Both are war-time appointments.

### **HONORARY CHAPLAINS.**

The resignation of Rev. J. W. A. Copeland, Honorary Chaplain, on his leaving St. George's Parish, was received with

regret, and thanks for the many services he rendered to patients are gratefully recorded.

The death of the Rev. J. Stanton Pegge, Vicar of Norton, who had acceptably performed the duties of Chaplain to the Firth Auxiliary Hospital for many years occurred in September. The Board acknowledge with gratitude his ministrations to patients and Staff at Norton.

## **NURSING AND DOMESTIC STAFFS.**

On the termination of Miss Speed's special leave of absence in August, Miss Horton was confirmed in her rank of Matron. Under her capable control the nursing and domestic staffs have met all claims upon their services and have earned the grateful appreciation of patients. The Board are pleased to record that all nurses and domestics are now on a 96-hour fortnight, thus complying sooner than might have been expected with that provision of the Rushcliffe and Hetherington Reports. Owing to the exigencies of training it has not been possible so far to include pupil midwives in this reduction in hours.

## **ON SERVICE.**

Tribute is paid and good wishes extended to the following members of staff absent on Service.

Major R. E. Pleasance (Honorary Anæsthetist).

Major C. A. S. Hamilton (Honorary Anæsthetist).

Lt. Col. H. J. Green (Registrar).

E. G. Sainsbury (Assistant Secretary)

A. Mead (Laboratory Assistant).

R. G. Hodgins (Laboratory Assistant).

J. Andrews (Porter).

W. Shelton (Porter).

W. Henderson (Porter).

N. Taylor (Porter).

and others not on the permanent Staff.

## **THANKS.**

To all who have by gifts of money and in kind, by personal service, and in various other ways, helped forward the work of the Jessop Hospital, the Board express thanks on behalf of those who benefit by those acts of kindness and generosity—the patients. In an abridged Report it is not possible to enumerate all who have contributed. Each one is assured that his or her gift or service is deeply appreciated.

## THE FUTURE.

At the time of writing Germany has surrendered unconditionally and earnest hopes are entertained that the end of the Far Eastern conflict will not be long delayed. The post-war period will bring problems and difficulties and adjustments not least of which will be those affecting the Voluntary Hospitals and their contribution, under various new schemes, to the health service of the country. So far as the Jessop Hospital is concerned the Board will endeavour to ensure that it will meet the ever-growing demands of the women of Sheffield and district for the best service that medical skill and nursing care can provide ; that the facilities for teaching medical students, student-nurses, and pupil midwives will be maintained ; and that all possible provision will be made by expansion of the Hospital and continued improvement in facilities to meet all the additional calls upon those services that the post-war period is expected to make. Whatever may be the final shape and structure of the new Health Service, the Voluntary Hospitals will always look for the good will and support of those who have so long promoted their interests. The Board are confident that the many friends of the Jessop Hospital will maintain in the years that lie ahead that interest and support without which the Hospital could not have attained the prominent position it now occupies in the service of the community.

On behalf of the Board of Management,

JAMES HENDERSON,

28th May, 1945.

Chairman.

 Sheffield 1.

16th November, 1944.

## PRIVATE MATERNITY WARDS.

(NOTE.—*Pay beds are not intended for those who can afford full nursing home charges*).

### Extracts from Regulations and Charges.

Patients are admitted only upon the recommendation of Members of the Honorary Surgical Staff of the Hospital. Consultation fees are a matter for arrangement between the Surgeon and the patient.

The hospital charge is at the rate of Eight Guineas per week (day of admission and day of discharge counting as one). This includes full maintenance, all necessary nursing, and other normal services but not professional fees. (The hospital does not undertake the laundering of patients' personal clothing. Baby clothing will be provided by the Hospital for use during the patients' stay).

The Surgeon's fee which is a matter for arrangement between the Surgeon and the patient, will not exceed Twenty Guineas. The fee will cover all necessary professional charges, except the fees of other Consultants which will be payable by the patient in addition should the services of other Consultants be required.

During the first week after confinement a patient may be visited only by her husband (or, in his absence, by a near relative nominated by the patient and approved by the Sister-in-Charge) ONCE DAILY between 3 and 4 p.m., OR between 7.30 and 8.30 p.m.

Afterwards visitors may see patients (unless visiting is prohibited in any particular case by the Surgeon concerned) daily from 3 to 4 p.m. A patient may also be visited by her husband or, in his absence, by a near relative from 7.30 to 8.30 p.m.

Only one visitor at a time will be permitted. Children under twelve years of age are not allowed to visit patients. The Board reserves the right to close the Wards to visitors at any time.

A patient's own doctor may visit her at any time, provided such visit does not interfere with the work of the hospital.

Patients may be visited by any Clergyman or Minister of Religion they desire at any time, provided such visit does not interfere with the work of the hospital.

Patients and their visitors must conform to the rules and regulations of the hospital.

The Board reserves the right, which they may exercise at any time without assigning any reason, to terminate the stay in hospital of any patient; in the event of a patient being required to leave, the maintenance charge for any unexpired period of payment will be refunded to her.
